

ARE YOU BEING HARASSED?

...teased?

bullied?

hassled?

pestered?

Harassment is wrong. It's against the school rules.

When it happens you might feel

- ❖ Unsafe or sad
- ❖ Angry or bad
- ❖ embarrassed

HARASSING PEOPLE IS WRONG AND UNFAIR

You have the right to feel safe all the time

You can do something about it

What's harassment?

Verbal	put-downs, threats, teasing, name-calling
Physical	hitting, punching, pushing, spitting, rude signs
Sexual	someone treating you so that you feel awful about being a girl or a boy.
Racist	picking on you because of your race, religion, colour or customs.
Digital	anything written or photographed and transmitted by digit technology like the things above.

It is also:-

- picking on people who try hard at school
- harassing people about the way they look

It's everyone's responsibility to stop harassment

WHAT YOU CAN DO ABOUT IT?

If YOU or SOMEONE ELSE is being harassed you can:

- either **tell the person to stop.** State clearly that you don't like it & if it happens again you **WILL** report it.
- or Still being harassed? - **tell a friend** or **a trusted adult** or **your parents**—but it must be someone who can help to get it to stop
- or **GO DIRECTLY TO THE COUNSELLOR** - **fill in a grievance sheet** about what you want to happen.
- or **SEE YOUR PRINCIPAL** – go alone, with a friend or with your parents – but never stop talking about it until it stops and never give up. School adults **WILL** listen and they **WILL** help make it stop.

People who harass will be confronted and a plan will make to make it stop.
